---

1. Full-time salary minimum is based on the Equitable Compensation Commission’s base salary plus service increments. A chart of the appropriate minimum salary for the current year can be found on the conference website.

2. See Eligibility Chart on the conference website.

4. Worship attendance minimums are approximate. They must be weighed against the financial status of the congregation and whether the minimum number is able to meet the financial needs of the congregation. Note that there are congregations with 100 in attendance that cannot support a full-time package.

**Other Considerations**

- All full-time clergy appointed to a full-time charge shall be provided either a parsonage or a housing allowance.
- When a parsonage is provided, the General Board of Pension & Health Benefits requires that it be valued at 25% of base salary for pension benefit computation purposes.
- A pastor living in a parsonage may have a Housing Exclusion; a pastor living in his/her own home may take advantage of a Housing Exclusion in addition to a Housing Allowance. This can be accomplished by passing a resolution designating an amount greater than the housing allowance listed on the compensation package.

PENSION BENEFITS

Clergy Retirement Security Program (CRSP)

CRSP is a retirement plan administered by Wespath Benefits and Investments. It is a “church plan” in accordance with the Internal Revenue Code. CRSP is a benefit that is paid by the church for the clergy and is determined based on plan compensation. Plan compensation is cash salary plus housing allowance or cash salary plus 25% of cash salary for pastors living in a parsonage. For the purpose of calculating the pension benefit premium - 25% of cash salary is the value of parsonage.

CRSP is divided into two components, CRSP-DB and CRSP-DC.

- **Defined Benefit** (DB) provides a monthly retirement benefit that is calculated using the following formula = 1.25%xDAC at retirement, multiply by years of credited service (reduced for less than full time appointment) divide by 12 from 1/1/07 through 12/31/13.

- **Defined Benefit** (DB) provides a monthly retirement benefit that is calculated using the following formula = 1.00%xDAC at retirement, multiply by years of credited service (reduced for less than full time appointment) divide by 12 after 12/31/13.

- **Defined Contribution** (DC) provides convenient distribution options at retirement. This includes a lump-sum distribution, partial distributions or a series of regular payments called “cash installment.”

Eligibility:

- See Eligibility Chart on pages 6 - 8
- See CRSP At-A-Glance on pages 13 - 14

**DIRECT BILLINGS**

**CRSP-DB**

- 12% of plan compensation LIMITED by the DAC for the year will be billed to churches with eligible clergy to pre-fund the Defined Benefit Annuity.

**CRSP-DC**

- 3% of plan compensation will be billed to churches with eligible clergy - 2% out of the 3% will go directly into pastor’s account. What happens to the remaining 1%?

- To be eligible for the 1%, pastors must contribute at least 1% or more of plan compensation into UMPIP account to receive the remaining 1%.
Clergy Retirement Security Program

At-a-Glance

The Clergy Retirement Security Program (CRSP) is a retirement program that offers:

1. Security through a defined benefit (DB) component that gives you lifetime retirement income, and
2. Flexibility through a defined contribution (DC) component that provides you with an account balance you can access as your retirement needs require.

ELIGIBILITY

You are eligible to participate if you are a clergy member or local pastor under full-time Episcopal appointment to a conference, church, charge, district or conference-controlled entity or unit and you are receiving compensation. Your conference may also elect to cover clergy appointed at least half-time or at least three-quarter time.

CRSP FEATURES

- You are automatically enrolled by your plan sponsor.
- You receive account statements quarterly or upon demand.
- Account information is accessible 24/7 through the website (www.benefitsaccess.org).
- Representatives are available to answer calls at 1-800-851-2201 business days from 8:00 a.m. to 6:00 p.m., Central time.

DEFINED BENEFIT (DB) COMPONENT

- Provides a monthly retirement benefit that is calculated using the following formula:

\[
\frac{1.25\% \times \text{Denominational Average Compensation (DAC)}^3 \times \text{years of credited service}}{12} + \frac{1.00\% \times \text{DAC}^4 \times \text{years of credited service}^5}{12}
\]

- You will have various DB payment options when you retire
- There are annual cost-of-living increase options for retirees

---

3. Final compensation substitutes for DAC for periods of service as a bishop.
4. Reduced for less-than-full-time appointments.
Clergy Retirement Security Program

At-a-Glance

(continued)

DEFINED CONTRIBUTION (DC) COMPONENT

- Every month, the Church contributes 2% of your plan compensation to your DC retirement account. In addition, the Church will match your personal contributions to the United Methodist Personal Investment Plan (UMPIP) up to 1% of your plan compensation.

- Your account—both earnings and contributions—grows tax deferred until you withdraw money.

- Provides convenient distribution options when you are eligible to access the money in your account—including lump sum or partial distributions, or a series of regular payments.

- Account balance can remain in the plan until the later of participant retirement, termination or age 70½.

In addition, participants eligible for CRSP may be eligible for a matching contribution based on participant contributions to UMPIP, up to 1% of plan compensation.

If not eligible for CRSP but eligible for UMPIP, CPP may contribute up to 3% compensation (as defined by UMPIP) to the participant’s UMPIP account based on the UMPIP plan sponsor’s adoption agreement elections.
