

# Catalyst Initiative Application

## Introduction

---

Thank you for your interest in the Catalyst Initiative. This application is designed to collect important statistical data and documents in a manner that allows the church to learn about itself in preparation for being a part of the Catalyst cohort and/or making decisions and taking action to improve ministry. Statistical data may be found here: <http://www.umdata.org/>.

*If you have not completed the Intent to Apply, please submit prior to starting the application.*

This application is to be completed by a team. While individuals may be responsible for completing aspects of the applications, the entire application needs to be reviewed and verified by the team so that all are in agreement with what is being reported.

Each congregation that completes an application will be either contacted for a consultative conversation individually or as a part of a group debrief. We stand ready to help you take your next faithful step in making disciples of Jesus Christ for the transformation of the world so that more transformed lives transform lives.

This application will take approximately 4-8 hours to complete.

This application requires you to complete and upload:

- Readiness 360 information (You should have received an email with instructions following the completion of your intention to apply form.)
- MissionInsite reports (These are generated at [missioninsite.org](http://missioninsite.org). If you don't have an account, please email Lauren Harris at [lharris@bwcumc.org](mailto:lharris@bwcumc.org).)
